Contact: +91-8149382898 | mohitesiddhi811@gmail.com | [Linkdin](#) | [GitHub](#)

Location: Pune, Maharashtra, India

Education

RMD Sinhgad Technical Institute Campus Warje, Pune Maharashtra, India

Bachelor of Engineering in CS , Expected May 2027

Karmaveer Bhaurao Patil Polytechnic, Satara

Diploma in Computer Engineering, | 2021-2024

Projects

Quiz Application (React.js)

React.js, JavaScript (ES6), HTML5, CSS3, JSON, npm

- Implemented **multiple-choice quiz functionality** with dynamic question rendering
- Used **JSON (mock.json)** to manage quiz questions, options, and correct answers
- Designed a **component-based structure** using React for better code reusability
- Added **real-time score calculation** and result display
- Included **timer/countdown functionality** to enhance user engagement
- Handled user input and state management efficiently
- Ensured responsive UI for better user experience

AI-Based Career Guidance Web Application

Technologies: HTML, CSS, JavaScript, Node.js (if used), Generative AI API, Cloud Integration

- Developed an AI-powered web app that provides personalized career recommendations based on user skills and interests
- Integrated Generative AI API for real-time guidance and learning path suggestions.
- Designed an interactive interface and applied prompt engineering to improve response accuracy.

Technical Skills

Programming Languages: HTML, CSS, Javascript, Java, C, C++

Libraries and Frameworks: NodeJS, ExpressJS, ReactJS,

Databases: MySQL, MongoDB

Tools: AWS, GitHub, Git, VS Code, Android Studio, Cursor AI, Canva

Soft Skills: Critical Thinking and Problem solving, Passionate, Team Management

Work Experience

Full Stack Java Developer Intern

Sanyu Info Pvt. Ltd.

- Developed full-stack web applications using **Java, Spring Boot, HTML, CSS, JavaScript, and MySQL**.
- Built and integrated **RESTful APIs** for frontend-backend communication.
- Collaborated with team members using **Git** and participated in debugging and testing.

Cyber Security & Networking Intern

Indradeep Information Tech Pvt. Ltd., satara | June 2023 - July 2023 (1 Month)

- Gained hands-on exposure to basic cyber security concepts and networking fundamentals
- Assisted in monitoring network activities and understanding security threats
- Learned practical aspects of system security, firewalls, and network protocols

Certificates

- NPTEL Certificate: Data Structures and Algorithms in Java (12 Weeks)
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate

Achievement

Decoration Lead at Association of Computer Engineering (ACES)
